# Argos Deployment Service

Consulting   **Development**   **Training**

The Argos Deployment Service (ADS) ensures that the Argos Enterprise Reporting Solution is effectively utilized across any Institution. Instead of ordering services ala carte, get an integrated service of consulting/analysis, development and training that will occur for a defined price and defined period of time to maximize your Argos investment.

Consulting/Analysis - *remote and onsite*

- Product implementation assistance
- Best practice advice
- Security configuration discussions
- Project management
- Feedback on institution surveys
- Review of reporting requirements
- Deliverables determination

Development - *remote*

- Key report and dashboard development
- Evisions expert guidance and collaboration
- Development results in an active library of objects

Training - *onsite*

- Technical (DataBlock Design)
- Functional (Report Writing)
- Administration and security
- Report writing best practices
- Working with analytic tools (OLAP)

Highlights

- Cost effective, fully functional production implementation assistance

- Integrated training of institution's teams

- Access to Evisions implementation experts, methodology and libraries

- Jump start any department's implementation of Argos

- Quick identification and turnaround of key reports

- Deliverables (production-ready reports & dashboards) customized to institution's needs

- Easily expand the benefits of a decision support system to others

We tailor our approach to match your organization's goals and objectives. With our comprehensive range of services (consulting services, development services and training) you always get the most out of your Evisions experience.   Our depth of experience provides fast and affordable results that are optimized to take full advantage of your information technology investments.

About Evisions

Evisions has been building great products and delivering fantastic service since 1998. We have always maintained our unique approach to software development and our passion for doing business the "Evisions Way". We look beyond the obvious to find the bigger solution - the one that tackles our clients most pressing needs, both now and well into the future. Everything we do – our research, products, services and support - is geared towards ensuring the success of our clients. We truly believe great relationships make all the difference and that our clients are part of the Evisions team. Over 900 organizations worldwide use our products including ones in Higher Education, Research, Utilities and Government.
